Discussion topics:

- Discourage excessive emails – If it's of an urgent nature, send- otherwise put on agenda to address at meeting
- Encourage mentoring – reach out on a personal level to members and encourage them to share their time and/or knowledge within the club.
- Consideration and more discussion to be had re: Youth Programs (summer program or year round)
- LRRR-Jess and Robbie- After placing buoys, they need to be removed from the river within a reasonable timeframe.
- UML User Group meeting: Chris Pucella, Peter Murray, Lowell High, MARR and National Parks
One thing we could do better with is to adhere to the shower time posted as there are other programs using the facilities.
MARR Members: Please use the upstairs showers if you miss the cut off time downstairs.
- Sarah Kuhn – rack space provided for free in exchange for club use of her boat. Discussions to remove her boat from insurance and MARR will cover due to age of vessel.
- Consider a transfer of MARR bank account from Santander to Enterprise Bank. CC use by a Board member (tbd) for club purchases as opposed to the individual having to wait to be reimbursed for supplies.
- Review Mission Statement to ensure it is in line with our charitable purpose.
- Amazon Smile Charitable purchases will donate 0.25% to charity selected. (select MARR)
- Standard Policy to be drafted for club gifts
