Safety message: Sun rising later, temps dropping – reminder to use bow and stern lights, wear an inflatable vest. Reminder about the MRRRA 'fog rule' – if you can't see the Rourke bridge clearly from the boathouse, don't row. If fog develops suddenly and you are on the water, head back to the boathouse and make noise, ie sing, shout, blow a whistle.

Jess Murray gave a summary of preparation for the TRR. Permits, police, EMTs completed. Still looking for more volunteers. All competing teams are required to provide one volunteer for an 8 hour shift. The boathouse will not be open to competitors. Registration will be outside of the building.
