

MRRA Board meeting, Tuesday, October 4, 2022, 6PM, Zoom

Attendees: Liz Albert, Bob Bowen, Andy Hutchinson, Chur Masors, Matt O'Brien, Mark Romanowsky, Karen Scammell, Dottie Semonian.

Guests: Dennis McCarthy

Motion to approve September minutes from KarenS, 2nd BobB. Passed unanimously.

Talked briefly about the TRR at the beginning of the meeting. First feedback positive of the regatta.

Thank you to Jess and LRRA friends for a well executed and safe regatta.

Request to have the TRR board speak at the next club meeting.

We received a request from a non-member through MattO'B to borrow one of the MRRA launches to collect water samples from the river during a rainstorm. Since both launches are currently not operating, we are not able to honor this request. Launch maintenance under the purview of the Equipment Committee. BobB and AndyH will arrange to swap one of the spare motors with the one currently on the Wakeless. Take motors from both boats for repair over the winter. Need to find an authorized Honda repair shop. Maybe Nashua Marine?

Club shells that have been tagged for repair should not appear in the drop down list. It's on Carl's to-do list.

Dennis McCarthy – boathouse site update. Dennis recently met with Lowell City Manager and Assistant Manager. Monies have been approved for an appraisal (\$9000) and survey (\$15,000). Appraisal and survey are needed for the RFP. Lowell wants to sell the land. MRRA needs to have a presence in the process. Call for volunteers to reseal a Boathouse Site Committee. MattO'B and MarkR volunteered. Will ask Dennis to continue on.

Agreed to allow KC Lumbard (LHS) to use 2 2x's at NH Championships.

It's time to start working on club Nominations.

BobB has written a revised rack policy. Needs more discussion. Not ready to present to membership at this point.
