Hope to have 10-15 UML members

Budget maintain launches -need at least 2 for programs

Expenses:

18,000 6K x 3 to UML

Insurance large part of costs

Allotted 10 K for launches boat repair

Not OK to row until boat captain etc. guides us so

Website ~6 K to start and ~8K more likely

Raised prices -Open Sweep -other programs remain the same

Programs typically share a proportion of rent costs/overhead -previous years this was not assigned to this program as it began- so now it is taking on the responsibility

Hopes for a longer season

Solid group ready to go- may have the \$ for race entries

Insurance issues Jay Feenan the guru on this and Board to consult regarding this

No word on docks as of yet

Will need to coordinate BH opening

UML will be responsible for docks in -their responsibility

If no programs -may want in earlier then UML

Peg-Jess gave info to Kate for docks- a company

Learn to has interest

Vote maintain the same budget price level in programs except Open Sweep 325 to ~400

May see \$5K before TRR \$

May consider using the TRR \$ for website

Carl may send info regarding website

~1K discovery mode prior to 6K

Bank balance 150,000

Want good returns on this for BH someday

\$75 increase to Open sweep

Need a group social leader for some cohesion

Rack members need to pay their fees
