

Equipment Committee Meeting - May 11, 2013

Attendees: Erin L., Roland M., Bob B., Jason H., Joe B.

Bird Deterrants -

have been repaired, but as of this morning, HS had wrapped them up and we assume they will be a tangled mess again. Plan is to take Deterrants out prior to HS and University regattas (Thursday) and put back up the following Monday.

Straight Four -

demo with WinTech in RI.....mike poreba is organizing miporeba@gmail.com...Jay was organizing demo of single, so perhaps coordinate straight 4 demo with single demo (time frame in conjunction with NTR day. Erin send an email to Jay

Purchase of Singles-

2 singles are ordered from Peinart.....coming in September. Store old ones and wait until next spring to sell.

Advanced single purchase.....in process of scheduling demos (wintech and vespoli).

Launch Maintenance-

Need someone in charge who knows motors.....Roland send out mass email to club. If no volunteer, do we delegate?

B2 Oars-

Jay sent out email saying he would do repair on these

Oars-

Do we have enough? Do we need to start replacing? Stay with Concept 2

Next meeting:

Consider oar purchases once we see what is left in budget

Launch maintenance volunteer
