Safety message

Mark: River is up again up to 20,000 and will rise likely overnight
Eddies are out there as well as debris- some caught up with course buoys
Spoke with Bob -no mandated rows for rack users- it is a recommendation
Sewer goes into river wash your hands
(May f/u & speak to a rack member if they are not rowing or low counts for the entire year to discuss)

Dennis: So excited for BH at some point RFP- hopefully this summer it is done -not released
Site is contaminated though not the reason it is not going forward currently- as in contamination
is not going to stop the location
