

MRRA Equipment Committee

Mar 8 6PM - 6:30PM

Chelmsford Police Station

Attendees:

Linas Alinskas

Terry Freeman

Alex Gavriel to be added to distribution

Chur Masors

Dennis McCarthy

David Morley

Barbara Sherman

Usage analysis - Purchase boat? At present, there doesn't seem to be an urgent need for a boat purchase. Will monitor boat usage once rowers are able to get back on the water.

Sell P2? If a boat needs to be purchased, will sell P2 to make room.

Cox boxes Alex Gavriel will provide purchase info to buy 2 cox boxes. They will be clearly labeled as MRRA property and stored away from UML and LHS. Programs using them will be responsible for them.

Accomac cover Cover to be purchased since Accomac will be outside on trailer for the season.

Other shoes/more shoes if can't find Accomac shoes Work party will look for shoes

Set work party date Sat Mar 12 10AM - 2PM

Work party goals:

Find Accomac shoes

Actual inventory >> then update to logbook

Boat info weight range, beginner?intermediate? Etc Label boats

Label ALL MRRA stuff

Boats specifically targeted to check for damage - HW Vespoli
Swift HW - bulkhead damage Leaks
If too badly damaged, maybe sell

Question was raised regarding Zephyr rack - Not so high? Will check but I think outside storage is determined by UML.
